## FIM-1500P WITH B-900

|                           |                               |
|---------------------------|-------------------------------|
| Machine Width             | 48.22 Inches                  |
| Machine Depth             | 24.6 Inches                   |
| Machine Height            | 26.57 Inches                  |
| Amps                      | 15.7A                         |
| Hertz                     | 60 Hertz                      |
| Phase                     | 1 Phase                       |
| Voltage                   | 220 Volts                     |
| 24 Hour Ice Yield         | 1500 lbs.                     |
| Ambient Temperature Range | 5°- 40° F                     |
| Condenser Type            | Water Cooled                  |
| Ice Type Cube             | Full Size Cubes<br>22*22*22mm |
| Installation Type         | Modular                       |
| Material                  | Stainless Steel SUS304        |
| Plug Type                 | N/A                           |
| Power Usage               | 3400W                         |
| Refrigerant Type          | R-404                         |

|                         |                                    |
|-------------------------|------------------------------------|
| Water Pressure Range    | 1.3Bar~5.5Bar /18 3/<br>4 - 80 PSI |
| Water Temperature Range | 40°- 90° F                         |
| Water Usage             | 13.3 Gallons per 100 Lbs.          |
| Bin Width               | 48.22 Inches                       |
| Bin Depth               | 36.22 Inches                       |
| Bin Height              | 49.11 Inches                       |
| Bin Capacity            | 900 Lbs.                           |
